

HOW “I” LEARNED TO MAKE A HAM ON YOUTUBE

THIS PROGRAM IS STRICTLY BASED ON THE OPINIONS AND LIMITED KNOWLEDGE OF
A NO-CODE AMATEUR EXTRA AND DOES NOT REFLECT THE KNOWLEDGE BASE OF
W0TLM CLUB OR ITS MEMBERS

HOW “I” LEARNED TO MAKE A HAM ON YOUTUBE

- Plenty of information on the internet about Amateur Radio
- Just type in any subject, thought or question on any search engine
- Not every response to your search may be accurate or applicable
- You must discern and try to weed out to what is right for you
- Ask around the club, READ the weekly newsletter
- Get recommendations, remember everyone has an opinion
- What is good for me may not be good for you. Engineer vs History major
